Touch ID Enabled for iOS

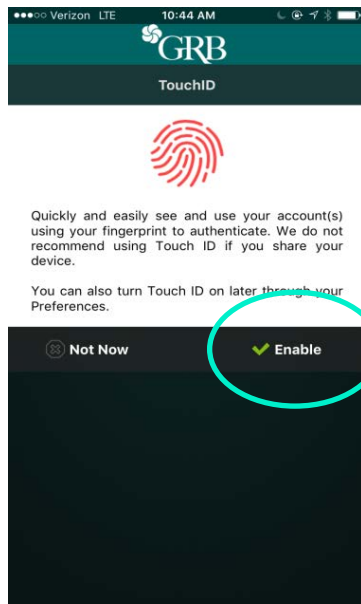

GRB*mobile* apps for ***iPhone and iPad only*** support the Touch ID feature for login, utilizing the fingerprint recognition technology within the device to authenticate the user instead of entering a user name and password.

1. Verify that Touch ID is enabled on the device in the settings menu.
2. Login into the GRB*mobile* app with your user name and password.

Touch ID Enabled for iOS

3. The TouchID activation screen will appear. Touch **Enable** if you would like to use TouchID authentication to login to GRBmobile.

4. Once you have chosen to enable TouchID, touch the fingerprint pad on the device to register your finger print.

If you bypass the TouchID activation by selecting **Cancel**, it can be activated later from **Preferences** in the fly out menu.

Remember Me for GRBmobile ID

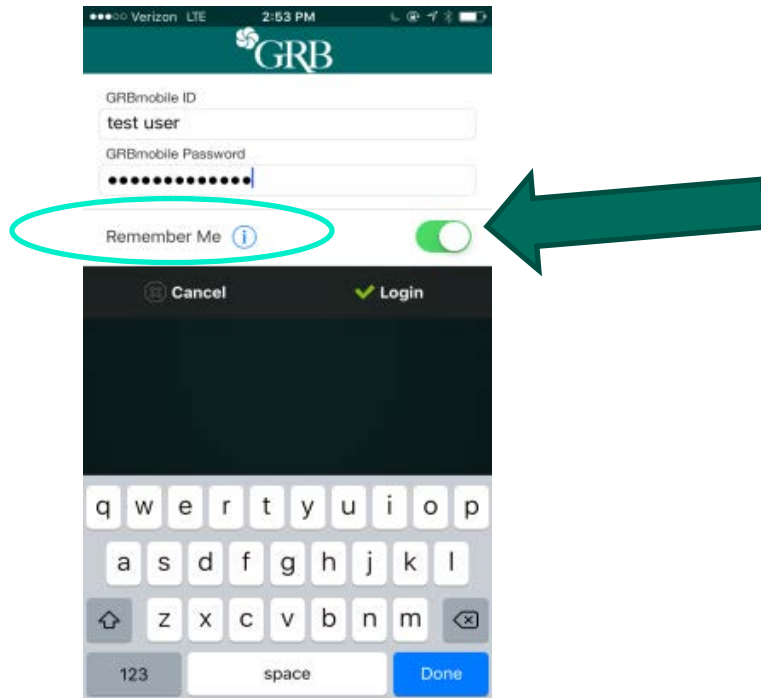

The Remember Me features saves the GRBmobile ID so it does not need to be typed in each time the user logs into the app. The password will still be required.

1. At the login screen, type in your user name in the first field and your password in the second field.

Remember Me for GRBmobile ID

2. Toggle the **Remember Me** radio button on the right side of the screen to show as green.

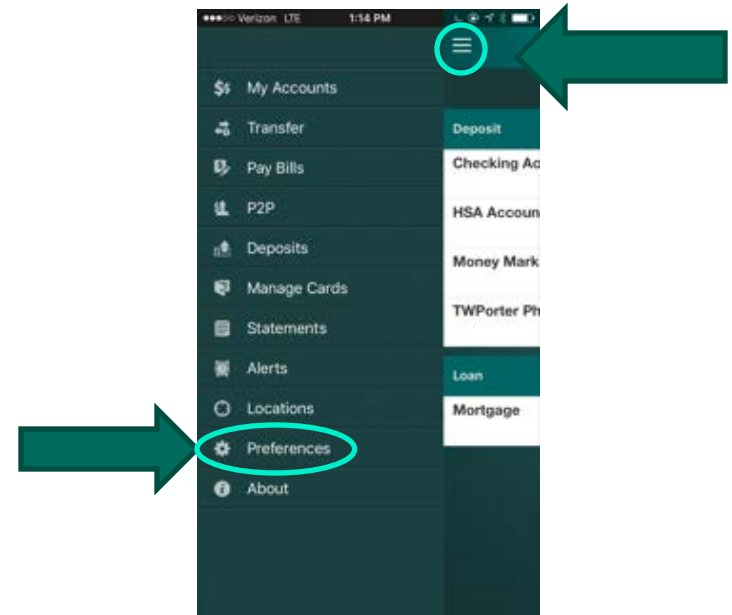

3. Your username will automatically save to the GRBmobile ID field for future logins. Toggle the **Remember Me** radio button to deactivate this feature if needed.

Customer Initiated Password Change

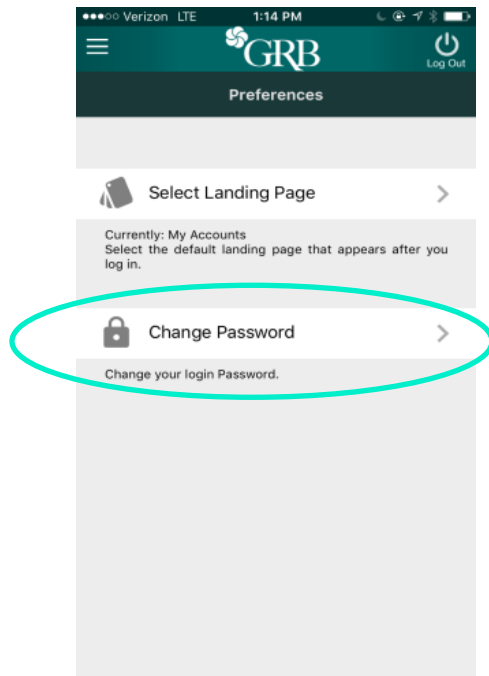

Users can now change their GRB*mobile*/GRB*online* password within the GRB*mobile* app. Passwords changed in GRB*mobile* will flow to GRB*online* (and vice versa).

1. Touch the **Menu** icon to access the fly out menu. Touch **Preferences**, which is the second from last item at the bottom.

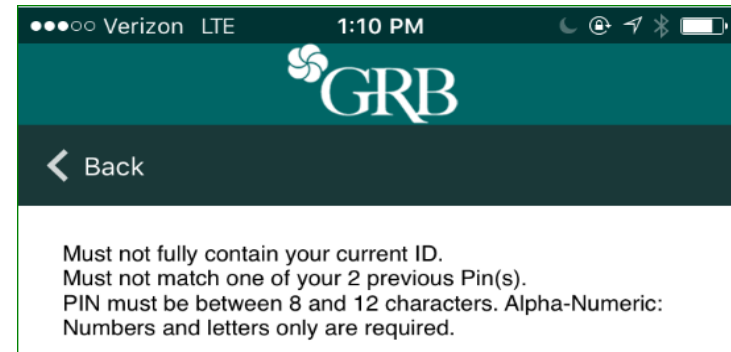

Customer Initiated Password Change

2. Touch **Change Password** button in the middle of the screen.

3. Touch the box under Current Password to bring up the keyboard. For help with choosing a password, touch the **Information** button to review rules for setting passwords.

Customer Initiated Password Change

4. Type in your **Current Password** in the first field. Go to the next field and enter your **New Password**. Go to the third field, **Re-Enter New Password**, and re-type your new password. Touch the Submit button below the fields when complete.
